

## Hair, Tights and Costume Note

Makeup requirements – All dancers must wear stage make up for all performances. The stage lights are very bright so without makeup they are very washed out. We understand that it is difficult to put makeup on the little ones (Preschool & Combo) so please ensure they at least have blush and lipstick on.

- Eyes – Dark brown eye shadow on the lid, white highlighter under the brows, black eye liner just on the lid, no cat eyes required. Mascara or false eyelashes. I highly recommend false lashes for the older dancers and do not recommend for younger dancers.
- Cheek – Red blush along the cheek bone
- Lips – Bright red lipstick.

Hair Requirements – Remember no brightly coloured hair is allowed on the stage. If your dancer has brightly coloured hair it must be covered with coloured hairspray and or fake ponytails. Please see the specific style needed for your routine. Remember all hairstyles need to be in tight with no fly aways. Please use gel or hairspray to ensure the hair is slicked back. All buns must have a hairnet. If you are wearing a fake curly ponytail, (they can be purchased at the dance stores or online) please ensure you have a proper bun underneath to secure the ponytail to. For straight ponytails, they must be straightened with the straightener to have a sleek straight ponytail.

Remember – No underwear to be worn under tights, no jewelry unless listed below, no nail polish on fingers or toes if wearing bare feet on the stage.

## Class Specific Notes

Class	Competition Name	Tights Needed	Hair	Costumes Notes
